New Business

The commission discussed the request from the Fire Department to hire part time staff this deviated from the budget conversations where they had discussed cutting the part time staff and hiring more full time staff. Consequent discussions between Commissioner Murray, Chief Halpin, Jill Bailey, EMS Coordinator Ray Dabbelt and Rick Mueller have resulted in the request of part time fire fighters and setting them to a permanent schedule and have a significant savings to the budget for healthcare costs. There will be times there will still be only two scheduled but other times we will have three scheduled. It is worth pursuing this year and revisiting next year. Fire Department would like to ask for two additional part time fire fighters.

Still have a vacancy in the administration department with the departure of Mike Robke. The position was advertised as a book keeper and/or treasurer position. We have received applications and have narrowed it down to 14 applicants and have been conducting background checks. Our auditor has recommended that we take at least a 30 day break to run a full cycle of billing as a precaution. We have contracted with a company Bramel and Ackley to do some accounting, balancing accounts, entering line items and checking Jill's work. The contract runs through June 30th and can be cancelled at any time. Jill is considering hiring an accounting firm long term to reconcile our accounts for transparency in our book keeping.
