**MOTION CARRIED**

**GUESTS**

Dennis and Lorna Harrell, 686 Ridge Road were on the agenda to appear however they had a scheduling conflict. Mayor Bell gave a description of the problem they were concerned about so that action could be taken at this meeting. Due to construction on Taylor Mill Road for underground utilities, shrubbery was removed from the fence line which caused an open space in the buffer between residential homes and the on ramps to I-275. Mr. and Ms. Harrell submitted a letter to the City asking for the shrubbery to be replaced to shield the homes from the noise and view of the expressway area. Ms. Bailey recommends that the shrubs be replaced but would like to do a study of the area first in regards to grading and plant cost. Permission should be sought from the State and a report on what the impact of the new Highway will have on the plants. Commissioner Reis would like to wait on installing plants until the City gets some answers from the State. Ms. Bailey stated she will send a letter to Mr. and Ms. Harrell explaining the outcome of this meeting and the concerns the City has. Due to the onset of winter and ongoing construction, replacement could not take place until the Spring.
