

PARK TALKS COME LEARN FROM THE EXPERTS

Public Education Talks

During the week of May 9, the city will sponsor several “*talks*” at Pride Park in Shelter One. Speakers will be from the Sanitation District 1, KY Division of Forestry, and the Kenton County Agents for Agriculture and Natural Resources. The dates and times are here on the flier. The event with the forester will include a casual walk around the park path identifying native trees and discussing habitats. The event on Friday will have two simultaneous classes, one for adults and a special one for children.

Please bring your enthusiasm and questions and be prepared to learn.

If you have any questions, call Kristy at city hall, 581-3234.

PARK TALKS

**Watersheds 5/10
10 am**

**Nature Walk with a
KY Forester 5/11
1 pm**
